Appeal:

My dismissal from work was not due to misconduct. It was due to my ex-manager's prejudice and incompetence. I brought an action against the ex-employer who settled as a means of avoiding going to Employment Tribunal. As the enclosed letter from my legal advisor explains, my dismissal was unfair on several grounds.

I hope you will trust this authoritative legal judgement instead of the malicious fiction from my ex-employer, who seemed to use dismissal as a means of punishment.
