

## **THINK OF YOUR FAVOURITE VEGETABLES, FRUITS AND HERBS.**

Make a list of which you would most like to grow, in sheffield  
(almost anything if under cover or with heat)

Select your top three, one of each.

For each, consider what's involved in growing it

1.

2.

3.

### **FACTORS.**

Soil Fertility / Preparation / Cultivation

Site / Position / Sun / Shade

Clay / Sand / Loam / Peat / Lime

Rotation ( Previous And Follow Crops ) And Companions

Sowing / Planting / Transplanting Timing ( When And How Long )

Support / Protection / Pests / Diseases / Watering / Feeding

Space Per Plant / Area For Weight Of Crop

Harvesting (Gradual/All At Once) / Succession / Continuity Storage

### **SCALES OF PRODUCTION**

1. Any / Individual / Domestic / Beginner / Experimental

2. Self-Sufficiency Enough Of One Type For A Period

3. Over-Production / More Than Own Needs Commercial / Feed Others
